

Notification Settings

Notification Settings are the settings that deal with your notification preferences. Notification settings can be found by going to **My Account** and scrolling below **My Account** settings.

Notification Preferences

Notify me about new comments	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Notify me when I'm assigned to something	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Notify me when something is completed	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Remind me when something is starting or due	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Enable in-app notifications	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Notifications	Yes, send notifications to everyone ▾

The following settings can be found in the notification section:

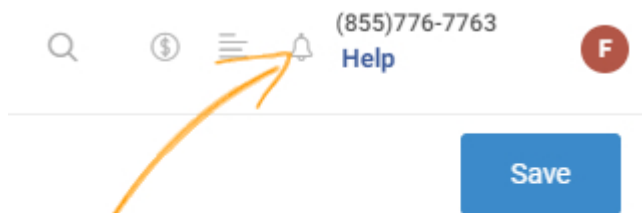

Notify me about new comments: Enabling this notifies you whenever someone comments on the tasks and projects that you have been assigned to.

Notify me when I'm assigned to something: Enabling this sends an email notification when you have been assigned to a task, project or client.

Notify me when something is completed: Enabling this notifies you when a project or task you have been assigned to has been completed.

Remind me when something is starting or due: Sends a reminder when a project/task is starting or due.

Enable in-app notifications: Enables the notification section of ProProfs Project.

Notifications: This drop-down allows you to decide whether you'd like to send notifications to

others in the tool.
